| <b>Description</b>   |   |                                 |    |
| <p>The event took place in Warsaw on June 18th, 2023.</p> <p>The purpose of the event was to bring together everyone - individuals, representatives of the administration and community organizations who contributed to the memorial, as well as local residents - to begin the next stage of cooperation and discussion about the future of the memorial, especially possible educational and cultural activities that would keep alive the memory of the archive and its creators - the Oneg Shabbat group.</p> <p>The event began with joint work - tidying up the area around the monument, and then finishing the planting of the hedge - the last and so far unrealized element of commemoration, which recreated the basement where the archive was found.</p> <p>Next, the participants went to the seat of the Muranów Station, one of the organizations involved in the creation of the commemoration, where the creators told about the history of its creation, and then a discussion took place, during which the outlines of further activities related to education were created, because some residents of the district still have little knowledge of the history this place.</p> <p>The event was attended by local residents, the mayor and vice mayor of the Wola district, the chairman of the board of the Jewish Historical Institute Association, the director of the Culture Office in the Warsaw City Hall, the director of the Taube Center for Jewish Life &amp; Learning, members of the Jewish community of Warsaw (3), cultural studies and anthropology researchers (2)</p> |   |                                 |    |

**Event schedule:**

11:00 - 12:00
