Description	
<i>Provide a short description of the event and its activities.</i>	
<p>On May 14, we conducted a participatory remembrance workshop in Wysokie Mazowieckie with young people from the Vocational Training Center school. Together with the youth, we prepared a wooden marker in the form of a tombstone, and then, using a portable laser cut device, we engraved the inscription "Here rest Jews of blessed memory murdered during the Holocaust" into the marker.</p>	

After the co-creative part, together with the youth, we symbolically marked the burial site of about 14 Jews located in a local Jewish cemetery on ul. Żwirki i Wigury. Jewish cemetery in Wysokie Mazowieckie in 1942-1943 it was the place of execution and burial of Holocaust victims.

The event was created thanks to cooperation with a local memory activist, historian and teacher Karol Głębocki. For several years, he has been organizing events around the Jewish cemetery and restoring the memory of the region's Jewish history, places and people. Thanks to his work, the youth were well prepared and engaged.

The event gathered representatives of civic society organizations and unaffiliated activists, as well as educators and local youth.

Information about the event was published on social media:
